### ARC Picks Pepperdene Chairman

W. K. Pepperdene was elected chairman of the Hancock County Chapter, American Red Cross, at its annual meeting Wednesday. J. Cyril Glover, retiring chairman, was elected first vice chairman, Alvin Gentry, treasurer and Mrs. Henry Osoch Jr., secretary.

It was announced that the 1960 campaign for the Red Cross is to be a "Year of the Girl." Amount collected to date is \$1,869.35. Goal is \$3,617. Of the amount collected \$994.55 was retained at the chapter level while \$894.80 was sent to national headquarters.

Committee chairmen named were Mrs. Windup Baker, service group; David McDonald, disaster service; Miss Alberta Boyer, Gray Ladies; Thomas O. Legue, first aid; Lucien Kidd, water safety; and Mrs. P. E. Porter Jr., assistant chairman water safety and chief instructor.

### Old Hospital Sale Sought

The county Board of Supervisors voted unanimously at a short recessed meeting Monday to offer for sale the old King's Daughters Hospital on Carroll Avenue. The building may be inspected Thursday afternoon.

Beard President R. G. Hubbard Jr. again reminded members that the county acquired the property from the Bay St. Louis Office of the International Order of Kings Daughters and Sons for a token consideration on Sept. 21, 1957, and that the supervisors at that time had promised to use any money received from the sale of the property for an addition or annex to the new hospital that would carry the name of the organization. He said it was a moral, not a legal obligation.

Planting of approximately 200,000 pine seedlings on 16th Section land at a cost of \$4,900 was approved. Hubbard suggested that some existing trees be marked and sold before the seedlings are planted. Planting will be on Sec. 16, Twp. 6 S., R. 14 W. and Sec. 16, Twp. 9 S., R. 15 W.

Sheriff Gerald V. Price reported he had received numerous complaints from fishermen and hunters regarding water skiers in the Jordan River. He said the situation was getting dangerous because of the skiers passing small boats at high speeds and had read of at least one person being killed in Louisiana recently. He was requested to check with Harrison and Jackson County authorities with the idea of handling the matter in a similar manner.

J. Norton Haas Jr., civil engineer, showed members a street map he is preparing of the county. He said printing of the map would be expensive and that it would be necessary to have buyers take several hundred copies each at a cost of about \$250. Supervisors agreed it would be a big help to the tax assessor, clerk and other county employees but thought the cost was too high. It was suggested that officials of the municipalities of Bay St. Louis and Waveland be contacted and each put up a third of the \$250.

### Amendments Vote Aug. 10

Proposed amendments to the by-laws of Hancock County Blood Bank were presented by the chairman, Dr. Robert L. McKinley, at a membership meeting Wednesday night when committee assignments for the coming year were announced.

The amendments are scheduled to be voted on at a meeting scheduled for Aug. 10. The blood bank also scheduled a drawing for Oct. 5, subject to approval by technicians from Ochsner Foundation Hospital who assist with it and a fund campaign to begin in late August.

The revisions to the by-laws proposed by Dr. McKinley are: Anyone between 18 and 60 years who meets requirements of a donor and donates a pint of blood shall for the next six months be entitled to as many pints as he or his immediate family may need. Immediate family is defined as spouse, unmarried children under 21 and parents permanently deferred from giving blood.

No blood may be released when the number donated has been exhausted except in dire emergencies as decided by the chairman, vice chairman or one other member.

A pocket-sized card is to be issued to all donors set forth above to be presented to the hospital through which they or their immediate family are to receive blood, the card stating that the local bank will replace blood required within six months of the card's effective date.

(Cont. on Page 4.)

Donors giving one gallon (8 pints) of blood by the drawing following the approval of this amendment shall be issued an indefinite card entitling them to all the blood they or their immediate family may need. For every pint donated by the "gallon" donor thereafter, a regular six month card be issued to a resident of this county specified by the gallon donor and a recognition pin be issued gallon donor.

A pocket-size donation card with blood type and list of all donations is to be issued each donor on initial donation and dated at each succeeding donation.

Anyone receiving blood who has not replaced it as required shall give two pints at the following drawing for each pint received. Otherwise he shall be charged and billed by this bank at the rate of \$15 per pint received. If this is not paid for within six months of charge date, that person or persons will not be entitled to any blood from this bank until either paid at \$15 per pint or replaced at the rate of two pints for one.

The representatives from the organizations and societies having membership in the HCCB shall be appointed by the chairman after recommendation from the various organizations and society heads.

Any out of town residents needing blood in the Hancock General Hospital shall be charged at \$25 per pint, to be paid directly to the county blood bank upon discharge from the hospital. These recipients may replace blood at the rate of two pints

### Building Permit Total Tops Number for 1959

Twelve more building permits were issued in Bay St. Louis during the first half of 1960 than in the corresponding period last year, according to records in the office of Commissioner of Utilities J. Cyril Glover.

There were 70 permits with an estimated valuation of \$132,304.50 issued through June 30 against 58 valued at \$579,230 last year. Last year's figures were pushed up by a number of public projects including the new Hancock General Hospital, parochial school and the like.

January's construction was the heaviest recorded in any month so far this year with 11 permits issued for \$35,690 worth of work. June led 1959 with 13 permits totaling \$490,675.

With the start of construction this month at the new Bay Shipping Center, Inc., the year is expected to wind up close to last year's record high of \$1,156,207.

**Paint Hydrants**  
Bay St. Louis fire hydrants are getting a new coat of paint—fire hydrant red, of course. The job is being done by Ollie Moran who is filling in for Willie Sick in his spare time.

City Commissioner of Utilities Cyril Glover said the city is just trying to neatens its appearance by trimming the grass around the hydrants and giving them a fresh coat of paint.

**Girl Scouts Launch Fund Drive for \$800**  
The Girl Scout fund drive begins this week with a goal of \$800 sought for the Bay St. Louis neighborhood.

Chairman of the drive, Mrs. J. W. Clark, said that according to a general regional organization, the Bay St. Louis area is new part of Gulf Pines Girl Scout Council, with headquarters located at Hattiesburg. The area's "fair share" is estimated at \$800.

Donations may be made to Mrs. C. C. McDonald Sr., Bay St. Louis representative to the Regional Board, or to Mrs. Clark.

### Candidates Listed For ASC Election

### Judge Takes Patent Case Under Study

A patent infringement case involving the Frosty and Frosty Inn drive-ins was taken under advisement by Federal Judge Sidney Mize in Biloxi Monday who said he will hand down a ruling in about 30 days.

Dan M. Russell Jr., of the law firm of Russell and Favre, representing W. W. Webre, proprietor of the local Frosty Inn and a defendant in the suit, said the plaintiff, Frosty Products, Inc., alleges that Sun-Glo Packers, Inc., parent company of Frosty Inn, is guilty of patent and trademark infringement, unfair competition and infringement of common law trademark rights.

Plaintiff attempted to show that the places had confusingly similar names and appearance; that the barrel on top of the Frosty Inn is similar to the rest beer mug used on the Frosty building.

Defendants alleged there were at least 13 distinctive differences in the names and type of buildings and contested the validity of the design patents. Defense witnesses said Frosty had varied in the construction of its building from the design patent they were relying on.

After hearing testimony for three days Judge Mize suggested the attorneys file briefs after which a decision would be reached.

(Cont. on Page 4.)

**We're Growing**  
To accommodate their customers and others with business in the area, Merchants Bank and Trust Company has increased the size of the building for its new branch. According to Joe B. Barrow, chairman and operating head of the bank, the new building is approximately three times the size of the prior one.

### New Coach Must Be Math Teacher

Qualifications as a mathematics teacher are likely to play a leading part in the selection of the new basketball coach for Hancock North Central School. So indicated County Superintendent of Education K. G. McCarty yesterday in commenting on the outlook for securing a successor to James Johnson who resigned as coach and math teacher last week to protest over only getting a \$100 pay hike.

Except for that one slat, the faculty for North Central has been completed for the 1960-61 season. McCarty noted that the vacancy will be filled with a man as good or better than his predecessor. "I'm not going to let politics get in and get this school kicked off the accredited list," the superintendent asserted.

Larry Ladner, former Kiln School and Louisiana College basketball great, has been mentioned as the most likely prospect but the fact that social studies is his teaching subject is apt to pose a barrier. Had Johnson given notice three weeks earlier, McCarty observed, the social studies vacancy might not have been filled and Ladner could have been hired.

The superintendent added that as soon as Johnson quit, he got in touch with Larry and had received a fine letter of recommendation from the Young man's college coach. He noted further that the school budget would not permit hiring two persons and a teaching combination would have to be worked out.

McCarty reiterated his interest in basketball, recalling he played in his youth, but stressed that it is nothing more than an extra-curricular activity. He said patrons of the school were behind him in that position.

**Shots Needed For 1st Grade School Pupils**  
Immunization against smallpox, polio, diphtheria, tetanus and other contagious diseases is required of all children entering school this fall, under laws of Mississippi recently amended.

Upon recommendation of the State Board of Health, trustees of the Bay St. Louis Municipal Separate School District have adopted this immunization policy with the following prescribed vaccinations:

Smallpox shall be required at least once in five-year intervals, while a three-injection series of polio serum, to begin 30 days after the opening (Cont. on Page 10.)

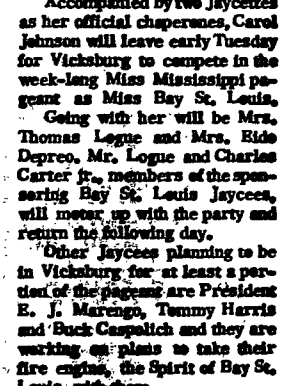

**Bay Entrant Is Off to Pageant**  
Accompanied by two Jayettes as her official chaperones, Carol Johnson will leave early Tuesday for Vicksburg to compete in the week-long Miss Mississippi pageant as Miss Bay St. Louis.

Going with her will be Mrs. Thomas Legue and Mrs. Rido Depree. Mr. Legue and Charles Carter Jr., members of the sponsoring Bay St. Louis Jaycees, will meet up with the party and return the following day.

Other Jaycees planning to be in Vicksburg for at least a portion of the pageant are President E. J. Marengo, Tommy Harris and Buck Caspach and they are working on plans to take their fire engine, the Spirit of Bay St. Louis, with them.

Hometown queens from all over the state will take part in talent, swimsuit, and evening gown competitions and undergo a careful scrutiny by five expert judges as to their poise, intellect, and personality during the five days in Vicksburg. One will be crowned Miss Mississippi 1960 by her predecessors, Lynda Mead, Miss America 1960, on Saturday night. Then it will be on to Atlantic City and the Miss America Pageant with the hopes of all that she will make it "three-in-a-row."

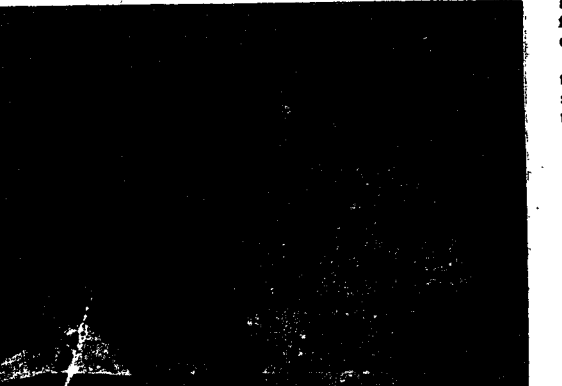

Lynda Mead will arrive Thursday and will appear on stage the last three nights, Mary Ann Mahley, Miss America 1959, will be on stage the first night.

Youths On Probation

Five New Orleans 15 and 16-year old youths pleaded guilty to charges of malicious mischief at a hearing Monday night before Justice of the Peace Nellus Rhodes and were put on probation under supervision of New Orleans juvenile authorities.

The youths were arrested early Sunday night for throwing eggs, City Policeman Latham M. Garriga said. He said he received a call from the Youth Center at Bay St. Louis woman had been hit by a number of eggs thrown by the youths. When he arrived at the scene witnesses told him the boys had said they were looking for another boy and he arrested them a short time later in the vicinity of Central Avenue and Keller Street.

Dance Scheduled

A dance is scheduled at the Bay St. Louis Youth Center from 8 p.m. until midnight Saturday with music by the Red Counts from Jackson.

That '60 Fleetside pickup you see takes whatever kind of road comes along, and makes about 250 stops a day delivering eggs house to house for Mr. Harry Hansen of Missoula, Montana. "With my previous truck," Mr. Hansen writes, "I always had some cracked eggs. Cargo damage always cut into my profits. But the new Chevy eliminated that problem completely. I haven't had one cracked egg with my new truck and I've had up to a ton of eggs in it without any difficulty. . . I didn't know a truck could ride so nice."

Chevy rides nice, all right: takes good care of fragile cargoes. But that's not even the half of it. Torsion-spring suspension also means longer life for the truck, extra thousands of working miles, because the sheet metal and body components take less of a beating. You can run off-the-road or over back trails at faster safe speeds, too; get in more trips a day, make more money. These facts are as true of the big Chevrolet heavyweights as they are of the pickups. Any model you name. Get one on your job and you've got the world's most efficient, most economical way to haul any load over any road. Your dealer will be happy to prove that statement any day you say.

"I'm getting close to 20 miles to the gallon," Mr. Hansen states, "and that's on stop-and-go delivery."

## NOTICE OF TRUSTEE'S SALE

WHEREAS, on the 28th day of July, 1956, Roy T. Ladner and Eunice H. Ladner, executed a deed of trust to W. J. Phillips, trustee, to secure an indebtedness therein mentioned to Magnolia State Supply Company, which deed of trust is recorded in Vol. 72, page 247, Records of Mortgages and Deeds of Trust on Land in Hancock County, Mississippi; and

WHEREAS, the said indebtedness as secured is past due and unpaid, and

WHEREAS, Magnolia State Supply Company, the holder of said indebtedness having requested me, the undersigned Trustee, to foreclose said deed of trust,

NOW THEREFORE, I will, on MONDAY, AUGUST 22nd, 1960, between legal hours after sale and sell to the highest bidder for cash, in front of the front County Court House Door at Hancock County, Mississippi, the land situated in Hancock County, Mississippi, and described in said Deed of Trust as follows, to-wit:

Beginning at a point 550 feet West and 485 feet South of the Northeast corner of the SE 1/4 of NE 1/4 of Section 30, T. 7, S. R. 14 W; thence South 218.3 feet to the North line of Castro's Addition to the Town of Kiln, Mississippi, as per plat filed in the office of the Clerk of the Chancery Court of Hancock County, Miss., on Sept. 22nd, 1913; thence in a Southwesterly direction with, and along the North line of said Castro's Addition to the Northwest corner of Lot 9, Square 3 of said Addition; thence North 311 feet; thence East 300 feet to the point of beginning.

The above described property containing 1.60 acres, more or less, and is a part of the SE 1/4 of NE 1/4, Section 30, T. 7, S. R. 14 West.

This is a foreclosure of a second deed of trust on the above described property, and is primed by deed of trust given by Roy T. Ladner and Eunice H. Ladner to the Veterans Administration dated July 25th, 1956,

## 1810-HARTFORD FIRE INSURANCE COMPANY

Charleston, S. C., 1861, marked a dramatic high point in Hartford Agency service. Agent A. H. Hayden, cut off from communication with the Home Office by the Civil War, buried his policyholders' fire-loss records. Hayden's foresight resulted in every claim being paid in full at the end of the war.

Looking out for the welfare of our policyholders is the primary concern of this Hartford Agency. Whether your loss be big or small, you can be certain of professional insurance advice, prompt service ... yes, and even moral support. That is the Hartford Agent way.

## BEAUTY TIPS

*by Mercedes Spahr*

**"Can't do Anything With My Hair!"**  
See how dry it is. . . or how oily. See how the curl droops just seconds after it's been set. And the washed-out shade is so discouraging. Why is it other women are so lucky? Chances are, it isn't luck that gives your most attractive friends a young, vital look. Today almost every truly smart woman is a regular beauty school patron. You see, she's found that professional hairdressers

usually have the right answer for "problem hair"!

**WHAT CAN WE DO FOR YOU?**

First of all, we'll analyze your hair. We'll study its texture, and examine its body-or lack of it. Then we'll treat your hair trouble as carefully as your family physician might care for your muscular aches and pains. If needed, we'll give you reconditioning treatments...not nearly so long or tedious or expensive as you might think! Today modern hair pharmaceuticals act fast. We apply them in moments, yet their beneficial effects are surprisingly lasting. You'll see the difference in the way your wave "bounces back" as we comb out your new coiffure. Days later, in your own home, you'll still thrill to your "new" hair. There are special beauty salon preparations that can make your dry hair smooth as satin, or under the care of our trained hand, your oily hair condition will turn to a healthy, vibrant "alive" look. So why not come in...let us advise you. Have you noticed the lady with the "problem hair" is usually the lady who "does her own"? Yet she wouldn't dream of

mixing her own cleansing cream, or trying to knit her own girdle. In the beauty of well-groomed hair, you can see the "expert touch". Only an expert can achieve it. That's why we say, again and again...learn to bank on your beauty salon.

For further beauty advice call HO 7-5202. Mercedes' Beauty Salon, Forest Avenue, Clermont Harbor.

The word **money** comes from the last name of a woman Juno Monet, Jupiter's wife in ancient Roman mythology . . .

Today, money may be said to be woman's "middle name": More and more, wives play an important role in managing family finances. We at the bank are always glad when we can help make that role an easier one. We cordially invite the ladies to come in often.

# Shoulda Gone Fishin'

BY EDDIE ENGELHORN

Fishing and crabbing picked up a little but the water is still too hot.

Some unusual catches were reported. Theodore Thomas says he got a seven and a half pound sea trout and a half pound sea bass. He also caught a sack of potatoes in his cast net.

Undisputed Jordan River fishing champion Dr. Rene Viosca was over Sunday. Says he couldn't understand why he didn't catch anything until he finally landed a fish and had to treat himself for burns of the hand after grabbing the hot fish.

Blaise Casanova also reports her water up the Pearl River around Logans. Says for some strange reason they are biting around the middle of the day when it is too hot for people to go after them. Wonder if that bulge in his cheek was his tongue?

J. H. Lenz, J. O. Kramer, R. J. Peters, Capt. H. R. Powell and K. Von Metzger of Bay St. Louis went Sunday from Biloxi and ran into a school of dolphin south of Horn Island. In an hour and 45 minutes they landed 450 and quit after becoming arm-weary. They spent the remainder of the day searching for king mackerel but landed only two. Also in the party were three Biloxi fishermen.

Regarding the Shidell man who doesn't know a thing about fishing, as told by Ellis Cuevas, Jim Pflieger of the Shidell Times called and demanded equal space. Says he has never failed to catch fish in the spots he took Ellis; must have had a jinx along.

Courthouse news: George Heitzmann took his whole family softball crabbing Sunday night but only got a few little ones. Cladborne Lachner says the three enemies of happiness are hurry, worry and debt. Best way we know of licking them is to tack up the "gone fishing" sign.

In addition to a champagne party Rita Blaise was treated to a successful fishing trip Sunday for her birthday. She and Eddie got 26 specks and five rat eels on a reef in front of Waveland. Eddie had stocked the well of a skiff with 600 live shrimp caught Friday. Rita wants to thank everybody for being so nice to her, even the comedian with the left-over Easter eggs.

Also in the party in another boat were Morris and Catherine Miller who have decided to become permanent residents buying a home on Hancock and Keller Streets. They had even better luck than the Blaises and got some real big specks on a reef near Bayou Caddy but were chased in by lightning and thunder.

James (Red) Kimmel says the reason Donald Caldwell can't catch any more flounder is that he shaved Ed Larroux all his best spots up the Jordan and Ed has been cleaning them out while Donald is teaching school.

Veteran fishermen Fred Garner was run in to the Veterans Hospital at Biloxi Monday for emergency treatment in preparation for surgery. He will be in the hospital for several weeks, Mrs. Garner said, and we wish him a speedy recovery.

Eddie Fayard caught some nice specks off the seawall Thursday morning near Nicholson Ave. Also three flounders. Harbison Hansen of Pass Christian, caught a 65-pound 8-inch grouper Sunday in the Alabama. Don't see fishing redees.

The North Central Basketball League who runs a crest of violence in the championship game, says they are only lost some of their tickets but now don't want to give them away. They are giving away the tickets of the game which we have championship winning material, all we have to do is know the politician who has his hand in the game, and we will give them away. The game is scheduled for 8:00 p.m. and will be a real battle. The game is scheduled for 8:00 p.m. and will be a real battle. The game is scheduled for 8:00 p.m. and will be a real battle.

figure offered him amounted to a tin-in pay for coaching. We are sure a coach with his record will be snapped up by some wide-spread school before too long. Of course he had good material to work with but we understand he trained most of them at the old Kiln School in 1958-59.

Den Russell has been de-voting every Monday night to the meetings of the Marine Conservation Commission along with lots of other work but says he doesn't mind; that he feels the commission is doing an excellent job. The commission voted Monday to close the shrimp season in coastal waters Sunday until Aug. 15 to protect the white shrimp that are moving in and allow them to reach a good size.

Kitty Lachner has plenty of know-how when it comes to fishing and was overheard telling some friends to hunt out a deep hole if they wanted to catch any.

## 3.5 Million Given Out Here Tree Seedlings

Area Forester Martin Parker reported that 3,565,000 tree seedlings were distributed in Hancock County during the 1959-60 planting season.

These seedlings will put idle land to work growing trees for additional income as well as soil and water conservation.

Seedling applications for the 1960-61 planting season are being accepted now.

The Mississippi Forestry Commission expects to have the following species available for distribution: slash, loblolly, longleaf, shortleaf, and small amounts of spruce and Scotch pine; small amounts of bald cypress, cotton-wood, green ash, yellow poplar, black locust, cherrybark red oak, and sycamore.

Each landowner is eligible to receive 1,000 free seedlings which will be delivered to a central point in the county where the land is located, for a delivery charge of 35 cents.

Parker urges landowners who are interested in obtaining seedlings to contact him or county agricultural workers for additional information.

## B-WYC Juniors Finish Third

Three capable skippers brought third place honors to Bay-Waveland Yacht Club in the Junior Lapron Finals at New Orleans last weekend. Among the 18 clubs participating, Bay-Waveland racked a total of 19 points.

Tepper Thompson of B-WYC sailed the first race of the three-race series on Saturday afternoon, taking a sixth in the field of 10. Bill Argus Jr., another team member, finished second in Sunday morning's race, and team captain Chuck Breath was fifth in the final contest on Sunday afternoon.

## 16 Fires Reported in June

Area Forester Martin Parker recorded 16 fires in Hancock County during June, 15 more than the same month last year.

"This has been one of the driest summers experienced in the County for quite sometime," said Parker, "and we are asking that everyone please use care with fire and not allow it to escape into grassy or wooded areas."

Parker said that people cause 99.9 percent of the fires in the County and the people of Hancock County are the ones who can lower the fire occurrence rate by being very careful and urging

## Benefits Set For Monti Baby

Several benefits for the Monti baby, Henry Paul III, son of Mr. and Mrs. Henry Paul Monti, Jr., have been planned, including an entertainment which will take place Thursday night at Trapp's Place Knock in Bay St. Louis.

The benefit will begin at 8 p.m. The Pere Le Duc Council of the Knights of Columbus will give a benefit dance Saturday at the Knights of Columbus Hall, all proceeds going to the medical care of the Monti baby.

Anyone willing to make donations is asked to send them to the Knights of Columbus, c/o Gerard Freeman.

## Sailing Spotlight Is On Skipperette Races

Skipperettes are in the spotlight at Bay-Waveland Yacht Club this weekend in competition for representation on the all-girls Regatta Trophy Regatta at Pass Christian Aug. 30-31.

The four races scheduled will determine which of six will represent Bay-Waveland in the regatta. Each has earned the right to this elimination series by virtue of building up the best average over the past eight weeks of sailing competition.

They are Beth Doyle, 877; Ann Clark, 896; Diane Taylor, 866; Marvyn Quigley, 849; Judy Reeves, 845; Martha Jane Collins, 833; first alternates, Bay Chamberlain, Ann Schaffel, 794.

Expert skippers also move into their final week of regular sailing prior to the annual Bay-Waveland, Pass Christian Yacht Club elimination series. The ten top experts through last week's sailing are Harry Chapman, 890; Dan Chamberlain Jr., 879; Bill Reeves, 879 with a protest yet to be heard; Lee Seal Jr., 871; Dan Chamberlain Sr., 861; Jack Gerdon, 855; Dag Erwin, 855; Bill Argus Jr., 850; Carl Marshall Jr., 841; Eddie Heatt, 834.

Taking top honors in the Expert Class last weekend were Dan Chamberlain Sr., Eddie

Heath, W. J. Phillips and Jim McDonald. Ray Schaffel took Class A and winning skipperettes were Judy Reeves, Martha Jane Collins and Diane Taylor.

Class A skippers will kick off the weekend of sailing at 12:30 p.m. Saturday with John Fischer, John Duganier, Dave Faindexter, Fred Wagner, Lars Phillips, Jacques Lavadele, alternates Waldo Ode, and Alfred Watts.

Experts sail at 1:30 p.m. with Bob Bell, Dan Chamberlain Sr., Bill Reeves, Gary Taylor, Dag Erwin and C. C. McDonald. They will be followed at 2:30 p.m. by Skipperettes Beth Doyle, Ann Clark, Marvyn Quigley, Diane Taylor, Judy Reeves, Martha Jane Collins, Bay Chamberlain and Ann Schaffel who will also race again at 4:30 p.m. Saturday and at 2:30 and 3:30 p.m. on Sunday.

Saturday's 3:30 race will be the experts Bob Bell, Dan Chamberlain Sr., Gary Taylor, Dan Chamberlain Sr., Ed Heath and Bill Baltar.

Experts will also take the lead Sunday at 1:30 p.m. with Dan Chamberlain Jr., W. J. Phillips, Bert Quigley, Bill Reeves, Lee Seal Jr., and an open. An expert's open is scheduled for 4:30 p.m., following two skipperette battles.

Fehey; second row, Donald Saudier, Luther Ladner, Charles Breland, Doc Rhodes; third row, Mike Osborne, Tartavouille, David Karl, Jerry Thomas and Leroy Luke.

## Youth Center Takes Little League Lead

Average a previous defeat, Youth Center knocked the Sea Echo Scoops out of first place in the Little League baseball standings Tuesday by a score of 8-7.

Danny Henry lost a toughie game up only three hits while Curtis Matherne was hit for six. Dick Watts got two singles and Matherne got one for two in the second half of Tuesday's double-header Fehey scored runs in the first two innings and held on to beat Al Summy 10-6. Charles Breland pitched to win the ball, getting a single out of four innings while teammate Leroy Luke slammed out a double and a single out of three times. Far

Sunny Allison got a single and a single. Monday the Junior Sheriffs beat Ker's Little Diggers 13-5 in a fine twisting of Aggie Ode. Mike Collier got a triple and two singles. Danny Kramkey and Bernie Starita two single out of three trips.

Cast Electric was in fine form Saturday taking the first half of a double-header from the Junior Sheriffs 10-4. Winning pitcher was Monte Rhodes, lesser pitcher Mitchell. Rhodes also pitched his teammates at bat with two singles and a homer, Gary Marner got two singles while Mike Osburn and Rennie Lauchlin got one each.

In the nightcap Youth Center downed Summy 13-2 behind the pitching of Curtis Matherne and Mike Lee. Slugging first baseman Arthur Jacquillard slammed out two homers and a double for two homers while Lee got a homer with one on. Joe Compton got three four.

Friday the Diggers beat 7-Up

### Playoffs Scheduled Sunday

#### Our Lady Hands Don's 1st Loss

Don's tasted defeat for the first time in Bay women's organized softball last Thursday, dropping the nightcap to an in-

spired Our Lady of the Gulf team 12-5. Winning pitcher for OLG was Dale Sellier. In the opener L and N, behind the fine twirling of Birdie Faye Cameron, downed A and A 7-5.

In a triple-header Sunday Don's came back strong to take the first two games beating L and N 13-4 and Bankston 11-9. Joyce Garcia winning both games on the mound. Bankston started strong, leading in the first inning 7-4, but was unable to maintain its advantage and in the final game lost to L and N 7-6. Winning pitcher was Birdie Faye Cameron.

Don's appears to have the pennant in the bag, playing its last game of the season today against A and A. Our Lady of the Gulf tackles L and N in the last regular game.

Last chance to see the girls in action this year will be Sunday afternoon when they will stage a play-off between the top four teams.

# Probe Slated in Pearl River Fish Deaths

An investigation will be made as to the cause of reported death of thousands of fish in Pearl River by Louisiana Gov. Boudinot Davis, and the Mississippi Game and Fish Commission, an informed source said. The investigation was requested by the St. Tammy Parish Police Jury, jury member Archie Davis said. "Everything has been killed from Bogalusa down to Hattiesburg, and the fish are dying from Lock No. 1 down to Pearl River mouth."

He said he had been informed that Crows-Zellerbach's Gaylord paper mill at Bogalusa discharged large quantities of acid into the river via Bogalusa creek. H. C. Hull, district game warden supervisor at Picayune, sent water samples, specimens of dead fish and photographs of fish-clogged drifts to the Mississippi Game and Fish Commission. He also submitted petitions containing more than 300 names protesting the killing of the fish.

Hancock County Game Warden Randolph Bourgeois said he had not seen or heard any reports of dead fish in the county since. Elmer Casanova who lives

The provision shall not apply to any child whose parent or guardian can furnish a certificate stating that the vaccination is against the family's religious teachings or that the vaccination would be dangerous to the health of the child.

Mrs. Eugene Ling, Hancock County Health Department nurse, said records of all immunizations administered from the department are available and certificates will be issued on request. She also announced that physical examination of first graders will not be carried out unless the department receives a health officer. "If one does arrive," Mrs. Ling said, "we'll go into the schools and examine the first graders."

This is the first time since the county has not had a health officer available.

near the river in Logansport, said he had not been fishing during the past few days but did not see any dead fish last time he was out.

A. C. Mitchell, former Logansport resident, said he had been fishing in the Logansport vicinity recently but did not see any dead fish. He said he had heard reports of dead fish further north in the river around Picayune.

Game Warden Bourgeois said it was possible the water party had been fishing in the Logansport vicinity.

J. B. Sapp, production supervisor, said the Gaylord company said in a meeting of the Washington Parish Conservation League that his company had been trying to "get to the bottom of the fish."

and said "We're not trying to poison the river but try to prevent it."
